

# THE ROTARY CLUB OF JOHANNESBURG

2 February 2010

Dear Fellow Rotarians

Congratulations! Your national football team has qualified for the 2010 Soccer World Cup in South Africa. As South Africans we look forward to the visit of many international fans during the period of the tournament to support their teams but also to visit some of our spectacular tourist destinations

We at the Rotary Club of Johannesburg particularly look forward to this sports spectacular as we believe it will bring many of our Rotarian friends to the country and possibly to Johannesburg. Our club was the first one established on the African continent. We will holding our meetings in the vibrant heart of Johannesburg during this period and hope to introduce you to a taste of a first world yet truly African city!

Club Meeting: Tuesdays 12h30-14h00 at  
the Country Club of Johannesburg, Auckland Park

# THE ROTARY CLUB OF JOHANNESBURG

During the World cup period our club will be meeting more regularly and we would like to extend an invitation to any Rotarians from your club or District, who find themselves in Johannesburg, to visit with us and do a make-up with the oldest club on the African continent. We would especially like to share with you what our club is doing and the projects we are involved with and also to learn from you about your club, its operations and its projects. We would like to make this a month of Rotary sharing.

This initial letter is being sent in order to establish how many Rotarians from the 31 competitor countries will be in Johannesburg and would be interested in attending one of our club meetings. During the next few weeks, and based on the response, we will compile our club program for the period of the world cup. Our website, which is currently under construction, will become operational probably by mid February, will also carry information on our club and our activities.

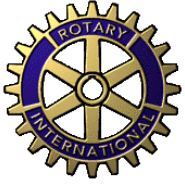

To assist us with the initial planning we request that you contact us on the following email address to advise that you may be in Johannesburg and be interested in attending one of our meetings: [info@adac.co.za](mailto:info@adac.co.za)

To obtain an initial estimate of interest we would appreciate your response to this email by 25 February.

We will follow up all responses we receive with further information and details of our club program for the period 11 June to 11 July 2010.

Please feel free to forward this email to fellow Rotarians whom you may know will be visiting South Africa during that time.
